Elf Khurafeh Shrine, Koegel Meats & Garber Automotive Proudly Present The 2020 Shrine Circus

Dear Friends of the Shrine Circus:

On behalf of the Elf Khurafeh Shriners, my Lady Connie and I welcome you to the 77th annual presentation of the GREATEST SHOW ON EARTH, the Elf Khurafeh Shrine Circus! This year's circus is sure to be the best family entertainment in Mid-Michigan for children of all ages. With the help of our sponsors and circus promoter, Carden Circus International, you will be entertained by acrobats, aerialist, dancers, animals of all sizes, and of course our very own Shrine Circus Clowns! New and exciting acts are guaranteed to have you laughing. Hot dogs, cotton candy, popcorn, and peanuts to keep you smiling.

Before the show, and during intermission, we will once again feature elephant rides, pony rides, bounce houses, face painting, and more. The Elf Khurafeh Shrine Clowns will be on the floor to thrill and autograph your coloring books. We will be giving away two bikes at every show.

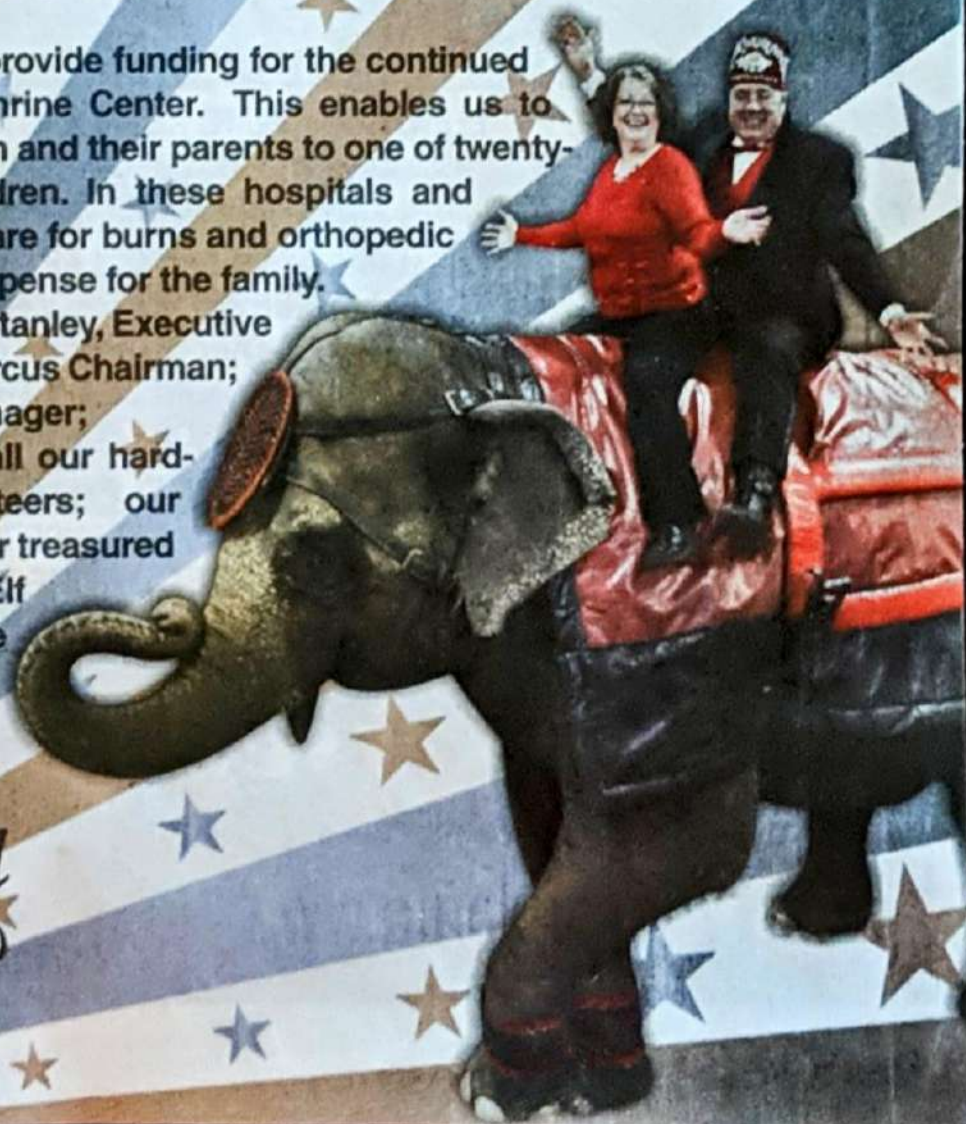

All proceeds from our circus provide funding for the continued operation of the Elf Khurafeh Shrine Center. This enables us to provide transportation for children and their parents to one of twenty-two Shriners Hospitals for Children. In these hospitals and clinics they receive world class care for burns and orthopedic conditions, at no out-of-pocket expense for the family.

Lady Connie and I thank Ron Stanley, Executive Director of Circus; Brian Sabin, Circus Chairman; Betty Kincaid, Administrative Manager; Brett Carden, Circus Promoter; all our hard-working Shriners and volunteers; our Sponsors; and most of all YOU, our treasured guest, for making the 2020 Elf Khurafeh Shrine Circus the Greatest Show on Earth!!!

Sincerely,

John E. Arnould

Circus Animal Care Our #1 Priority!

The Elf Khurafeh Shrine Circus & Carden Circus International are committed to the exemplary care and treatment of animals. We believe in animal/human relationships built on respect, trust, affection and uncompromising care.

Our training methods are based on reinforcement in the form of food rewards and words of praise. Verbal or physical abuse and the withholding of food or water are strictly prohibited. We strongly oppose ANY form of cruelty or mistreatment of animals.

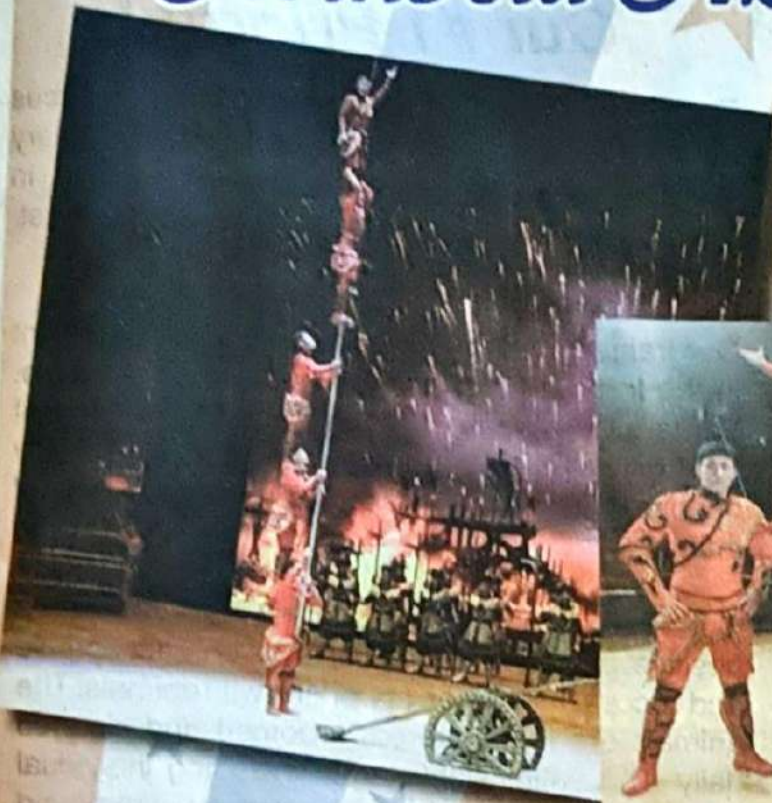

Our animal care professionals believe that a positive, healthy environment is the only acceptable and successful method of working with animals. The animals are fed, watered, groomed and cleaned daily. The entire stable area, including individual stalls, is cleaned regularly. The manure is removed and fresh bedding is provided. Our staff consists of animal experts who devote their lives to living, working with and caring for animals. They meet the animals' physical needs with nutritious foods and regular veterinary attention and their mental needs by providing a stimulating environment.

The Shrine Circus/Carden Circus International understands and supports all efforts to monitor and regulate the treatment of animals. These regulations are designed to protect the well-being of all animals. Because animals are an integral part of our presentation, we work closely with local, state and federal agencies to ensure the highest standards of animal care. We continue to meet or exceed all federal animal welfare standards set by the United States Department of Agriculture (USDA) under the Animal Welfare Act, in all aspects of animal care and safety.

We are committed to our animal performers every day of the year. There are no days off for animal care. It is a 7-days-a-week, 24-hours-a-day, 365-days-a-year responsibility that we take very seriously.

Shriners Hospitals for Children™

The Shriners Hospitals for Children

is a health care system of 22 hospitals dedicated to improving the lives of children by providing pediatric specialty care, innovative research and outstanding teaching programs for medical professionals. Children up to age 18 with orthopedic conditions, burns, spinal cord injuries, and cleft lip and palate are eligible for care and receive all services in a family-centered environment, regardless of the patients' ability to pay.

Pediatric Specialties Orthopedic Care

Shriners Hospitals for Children has been a leader in pediatric orthopedic care since 1922. The hospitals specializing in orthopedics are dedicated to providing medical and rehabilitative services to children with congenital deformities, problems resulting from orthopedic injuries, and diseases of the musculoskeletal system.

Burn Care

The Shriners Hospitals for Children specializing in burns have been leaders in burn care and research since opening in the mid-1960s. Treatment is provided for burn injuries and related scarring, along with physical and emotional rehabilitation.

Spinal Cord Injury

In the early 1980s, Shriners Hospitals for Children opened the nation's first spinal cord injury rehabilitation and treatment centers specifically designed for kids. In these locations, patients find a complete range of services needed in order to recover to the fullest extent possible.

Cleft Lip and Palate

Care for cleft lip and palate was added to the health care system's treatment disciplines in 2005. Services available at Shriners Hospitals for Children fill the need for coordinated, comprehensive multidisciplinary care for children with this condition.

Leaders in Specialty Areas

In addition to patient care, Shriners Hospitals for Children are leaders in medical research and medical education in all four specialty areas. The health care system maintains relationships with more than 60 medical teaching and research facilities worldwide and fosters an environment committed to providing high quality medical care and innovative research.

Ringmasters Bardo & Son, Alexander

Bardo Garcia has circus in his veins that go back eight generations. At just four years old, he was performing a comedy trampoline act with his family. Now 40 years later, he is traveling with the Carden International Circus as Ringmaster Extraordinaire!

Bardo's talents also include the Globe of Death, Wheel of Destiny, knife thrower, and has performed as a human cannonball. However, with generations of talent in his family, he has had the opportunity to test his circus skills on many other acts. His proudest accomplishment; however, is not the circus, "I am most proud of my wife, my kids, and our life together on the circus." Bardo travels with his wife of 19 years and three children ages ten to 18 years old. "We are a very close family. We live, work, and travel together. It's a different life, but it is an amazing life and I'm lucky to have my family with me all the time," Bardo smiles.

When asked what advice, he would offer a young person interested in running away with the circus, Bardo suggests, "Choose wisely what you do, give it all you've got, practice, practice, practice, and enjoy it to the fullest."

FAST FINANCE AUTO SALES

AS LITTLE AS 99¢ UP FRONT REGARDLESS OF CREDIT*

Fast Finance Auto Sales has helped thousands of car buyers get approved for a loan and drive away for as little as 99¢ up front.* Other dealers claim "No money down" but Michigan sales tax - 6%, registration fees, delivery fees, fees, fees. The next thing you know no money down is over \$1000 up front. When we say as little as 99¢ up front* we mean that you can give us a dollar. We'll give you back a penny and you're driving away in your car, approved and rebuilding your credit. Some restrictions apply, see Fast Finance Auto Sales for details.

GET THE KEYS WITH PLPD

The other guys require full coverage insurance. Think about it... full coverage insurance raises your cost of ownership significantly. Sometimes a few thousand dollars a year or more. Fast Finance Auto Sales helps you pay off your car sooner by not requiring full coverage insurance. We call it "Get the Keys with PLPD". Our customers call it "Genius."

6 MO 6000 MILE WARRANTY*

Fast Finance Auto Sales helps you buy your next car with confidence. Most vehicles come with a written 6 month 6000 mile limited warranty*. Nobody likes surprises when it comes to unexpected vehicle repairs. Fast Finance Auto Sales helps take the worry out of choosing your next vehicle.

*With approved credit. See dealer for details. Refer to our written limited warranty for details.

Carden Elephants

Asking an 8,000 pound elephant to stand up on its hind legs and put all of its weight on the lower abdomen is probably not the easiest task in the world. These Asian Elephants are highly intelligent and will learn quickly. However, the hardest part about training is the muscle building program and regimen that they must go through. Much like an athlete or weight lifter, an elephant must learn and develop the proper muscles needed to do a certain trick. For example, an elephant could learn in a week (intelligence wise) how to stand on his hind legs, but to do it safely it could take 1-2 months. All of the elephants were born in the wild and have been trained since they were about 3 years old. Their average age is about 40 years old and they can live up to 80 years in captivity but only about 45-50 years in the wild.

The Elf Khurafeh Shrine Circus & Carden Circus International is committed to the exemplary care and treatment of animals. We believe in animal/human relationships built on respect, trust, affection and uncompromising care. See page 6.

TEXAS PIT BAR B-Q
AUTHENTIC FRONTIER TASTE

Catering &
Food Trucks

Sixty Awards later, Dave took over the Bar B-Q business in the early 2000's cooking in local parking lots, festivals, and in 2014, with the grace of God, opened Olvera's Texas Pit Bar B-Q.

All of our Bar B-Q is smoked with Oak and Applewood for two to twenty four hours, which inspires our motto – "Authentic Frontier Taste."
